

The modern Training Management System for your Business

Quick Introduction

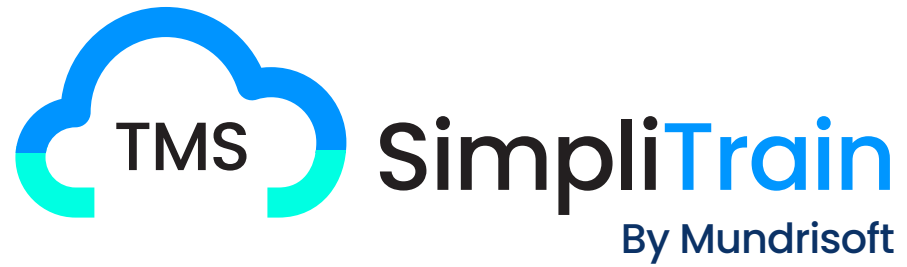

Centralize Your Training. Every Tool in **One Platform.**

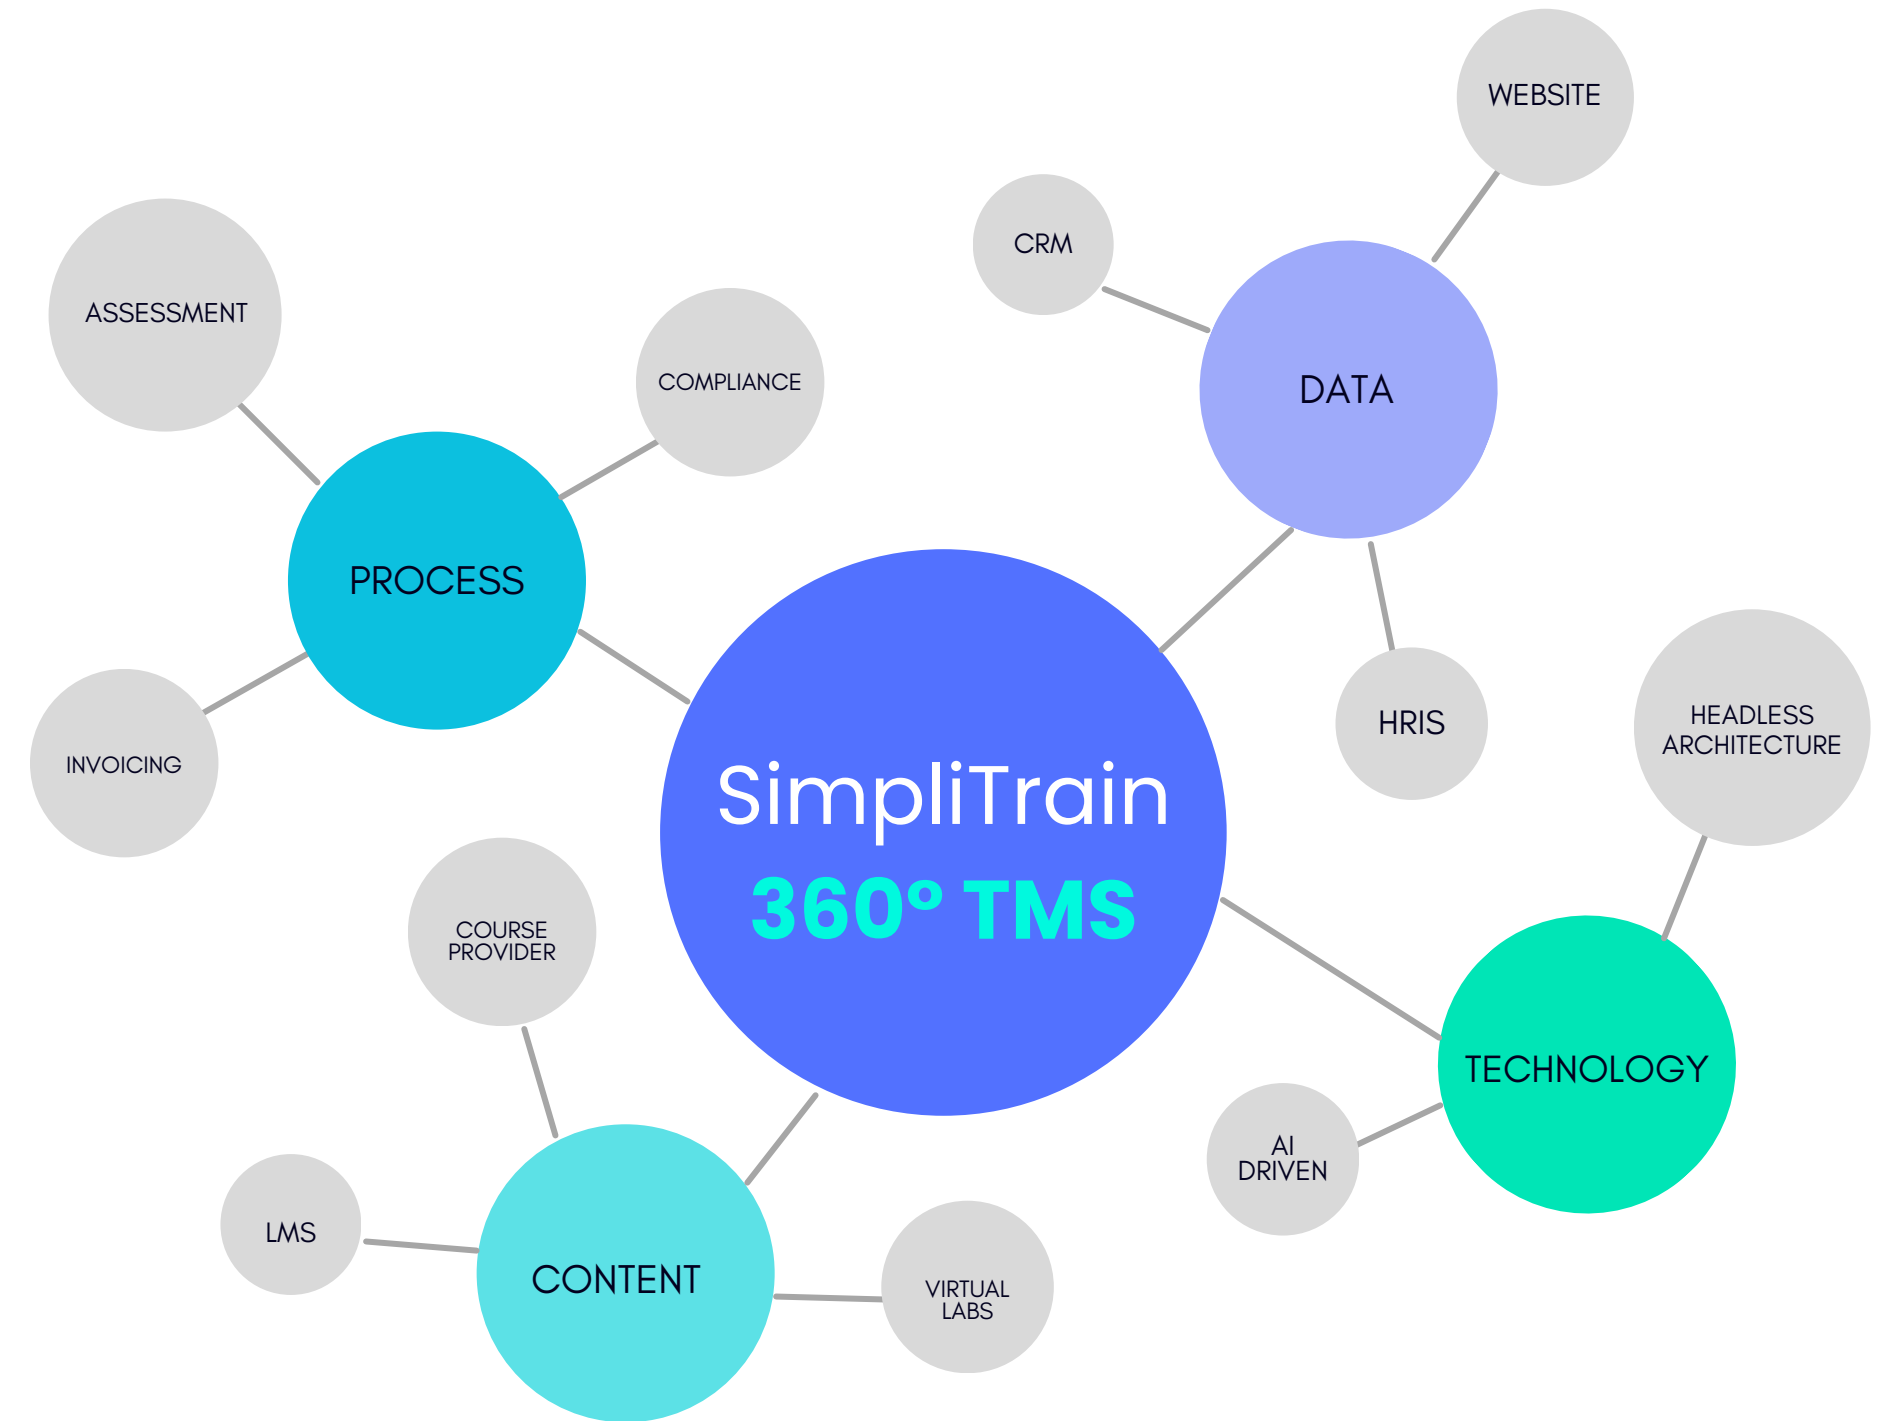

SimpliTrain is an easy-to-integrate Training Management Software that offers a singular hub for organizing, executing, and tracking all your training initiatives in one place.

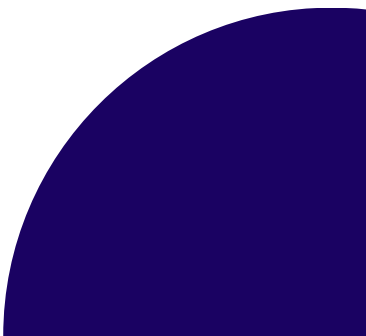

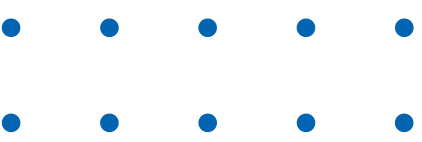

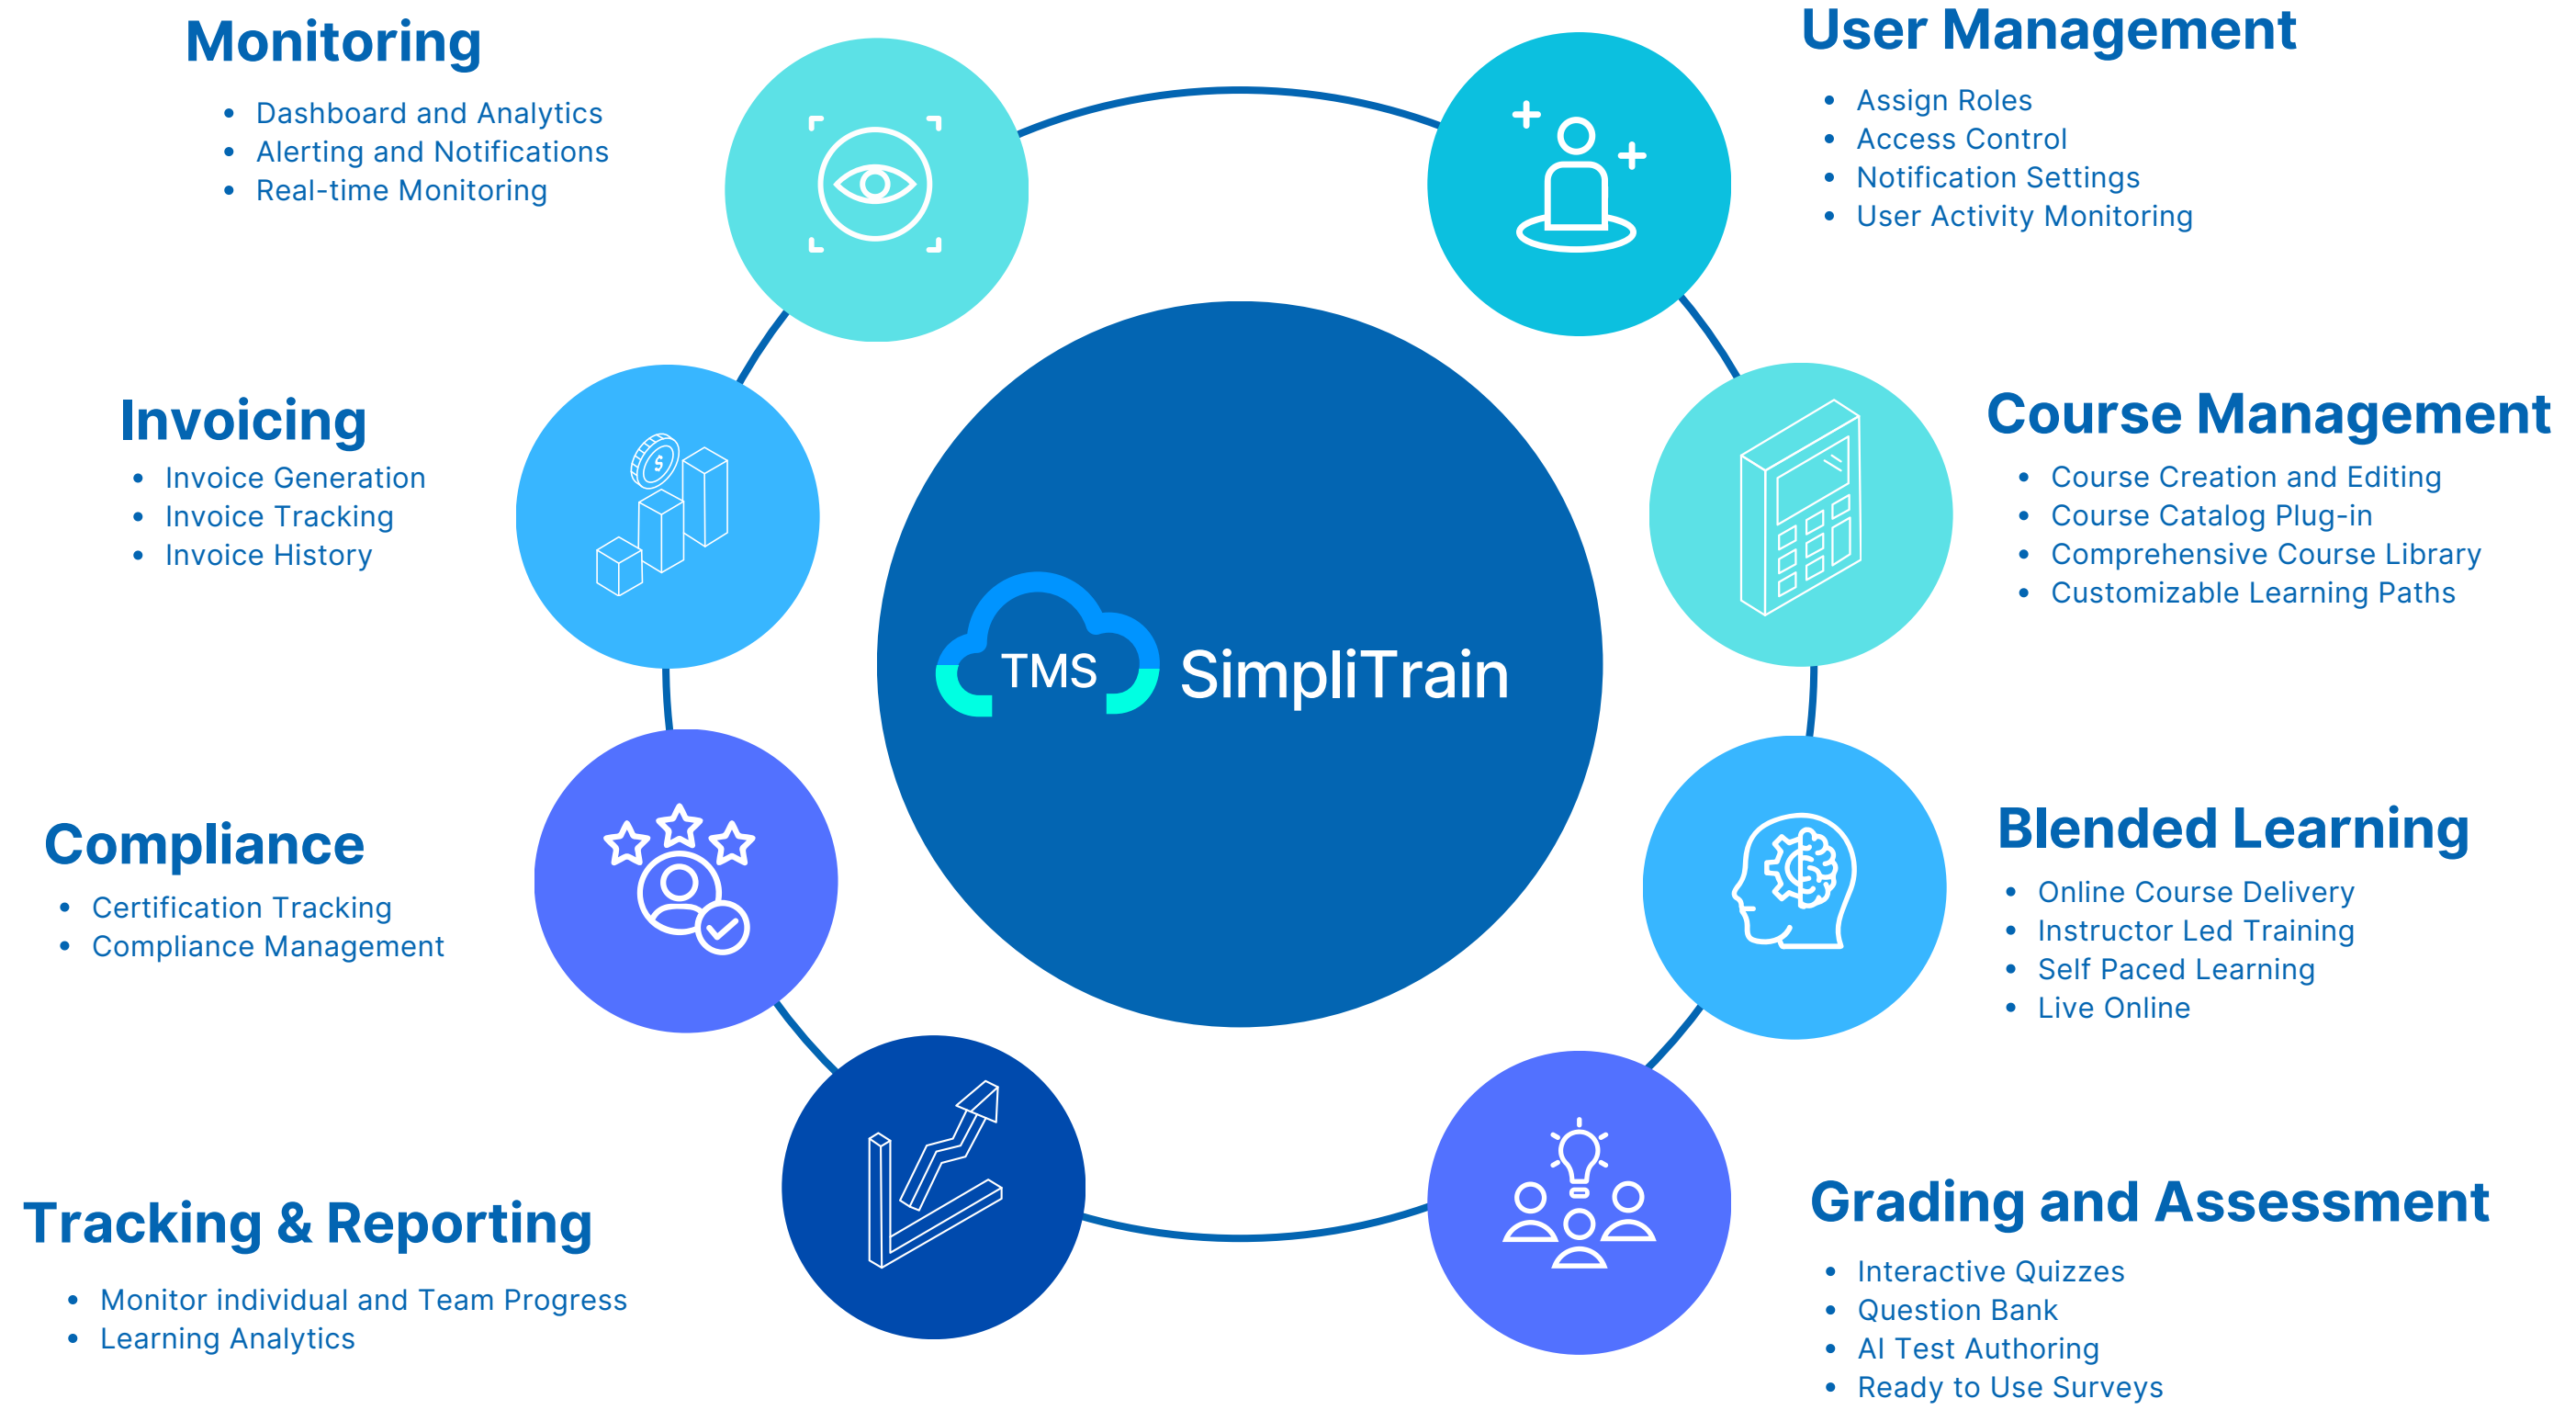

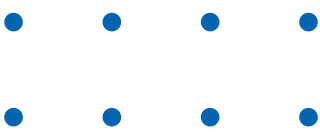

Our Integrated Approach to Training

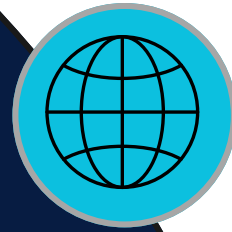

From course management to AI-driven assessment creation, SimpliTrain provides all the tools and functionalities needed to deliver impactful training programs with ease and efficiency.

TMS MODULES

INTEGRATION CAPABILITY

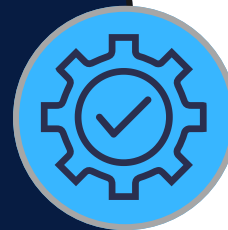

Website

Seamlessly integrate with your organization's website for easy access to training information, registration, and course enrollment.

Courseware Provider

Connect with external courseware providers to access a wide range of training materials and content, enhancing the diversity and quality of your training programs.

CRM/HRIS

Integrate with your Customer Relationship Management (CRM) or Human Resources Information System (HRIS) to synchronize participant data, track training history, and streamline administrative workflows.

Live Sessions

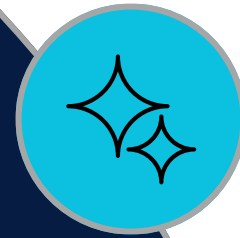

Enable integration with live session platforms like Zoom and others to facilitate real-time virtual training sessions, webinars, and interactive learning experiences.

Payment Gateways

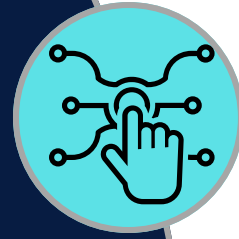

Integrate with leading payment gateways to securely process online payments for course registration, ensuring a seamless and convenient payment experience for participants.

ADDITIONAL FEATURES

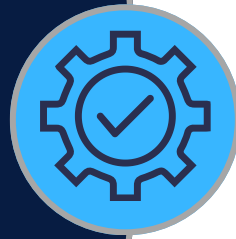

White-Label Licensing

Help organizations to rebrand and resell the platform as their own product, while retaining full control over pricing, branding, and customer relationships.

Headless Architecture

Connect with external courseware providers to access a wide range of training materials and content, enhancing the diversity and quality of your training programs.

Customization

We provide extensive customization options for tailoring the TMS to meet the specific needs of each organization, including customizable templates, layouts, and user interfaces.

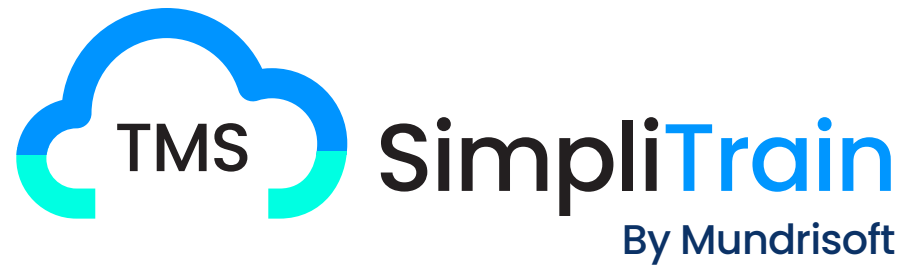

24/7 Support

We offer round-the-clock customer support services to address user inquiries, technical issues, and assistance needs at any time, ensuring uninterrupted access to training resources and services.

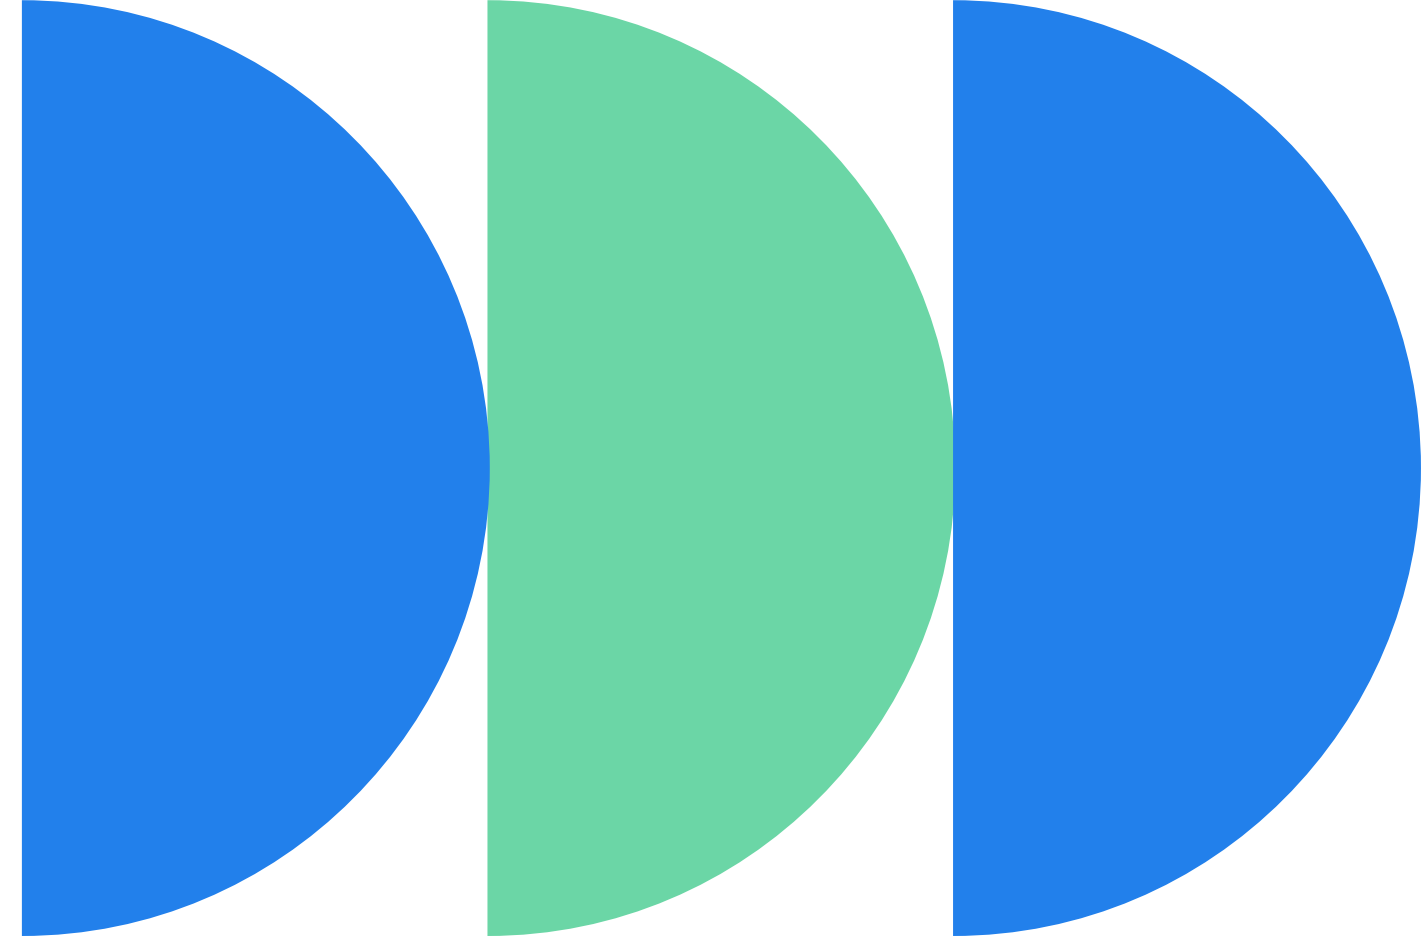

Training Support

We provide dedicated training and onboarding support to help administrators, instructors, and participants familiarize themselves with the TMS platform, its features, and best practices for optimizing their training experiences.
